Content Distribution Platform ▶

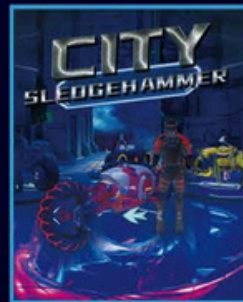

Constantly updated fun games 🎮

The content distribution platform of FunVR adopts advanced technology and is widely used in VR experience stores worldwide, helping the stores make continuous profits!

▶ Rapid Forest

The mystery of the nature, the danger hidden in the forest and many unknown creatures in the wild... They might suggest danger, but this is what makes Rapid Forest so tempting. In this game, you will meet challenges that are crueler than real life. Many brave people have already gathered here and are ready to take the challenge. Are you ready now?

▶ City Hurricane

In this game, you are free to do car racing. As a car racing fan, how can you not have a try? You just need to control your car and get the speed booster on the way. Come enjoy the triumph when beating your opponents!

▶ The Ghost Assault

Aika Continent, originally a major power in the world, was suddenly hit by an unknown asteroid, contaminated by its extraterrestrial elements and microorganisms, and almost reduced to waste land. The survivors of Aika Continent establishes Cape Eagle Castle in the only safe area, forming a militarized organization: Guardian Legion! And the multinational group V, originally headquartered in Aika Continent, relocated to other continents after the asteroid hit Aika Continent and established a paramilitary organization: the Robber Alliance! The two organizations engage in a fierce battle of life and death to seize resources such as pumice stones!

▶ The Dinosaur Island

In 2048, the scientists have a major breakthrough in biological science and successfully make different kinds of dinosaurs come back to life. They then build a dinosaur theme park and call it "Jurassic World". In order to make more profit, the investors of Jurassic World order the scientists to mix the DNA from different species with that from the dinosaurs. And one day, a new kind of brutal dinosaur is created - D-Rex... As the story goes, more and more carnivorous dinosaurs become out of control and destroy the park. Poor tourists become their food...
